

## TRAINING GIVEN BY LC2R DRAGUIGNAN IN 2014

- **11<sup>th</sup> January 2014** “Theoretical training on preventive conservation and the new challenges facing conservation professions”

Training organised by the ‘hospitality/tourism’ department as part of Laboratoire de Conservation-Restoration en Océan Indien (LaCROI)’s activities in partnership with Laboratoire de Conservation, Restauration et Recherche (LC2R), Draguignan.

Main objective: Address the issues of conservation in the context of the economic development of heritage tourism.

Training location:

- Office National du Tourisme de Moroni, Union of Comoros

Participants: **Toiwilou Mze Hamadi**, Teacher/Researcher at Institut Universitaire de Technologies (IUT), Union of the Comoros, Hospitality and Tourism Department; **Jacques Rebière**, Director of SCOP LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan and Coordinator of LaCROI.

Trainees: IUT students.

- **13<sup>th</sup> February 2014** “Theoretical training on cultural heritage and new technology”

Training organised by Lycée Général et Technologique Jean Moulin de Draguignan in partnership with the Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Main objective: Teach sixth formers about their cultural heritage so that they know what to do if it becomes endangered and suggest ways to promote it using new technology (QR codes, digitisation etc.).

Training location:

- Lycée Général et Technologique Jean Moulin de Draguignan

Participants: **Marie-José Ramondetti**, Professor of Economics; **Claude-Marie Monneron**, Preventive Conservation Consultant; **Jacques Rebière**, Director of SCOP LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Trainees: Year 12 Economics students

- **22<sup>nd</sup> May 2014** “Shared experience about Marché passés selon la procédures adaptées (MAPA)”

Training organised by Lycée Général et Technologique Jean Moulin de Draguignan in partnership with Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Main objective: Suggest areas for discussion and exchange of ideas regarding the code tool for public markets.

Training location:

- Lycée Général et Technologique Jean Moulin de Draguignan

Participants: **Marie-José Ramondetti**, Professor of Economics; **Jacques Rebière**, Director of SCOP LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Trainees: Year 12 Economics students

- **22<sup>nd</sup> September 2014** “**Theoretical training on aspects of preventive conservation**”

Training organised as part of an agreement between Musée des civilisations de l’Europe et de la Méditerranée (MuCEM) in Marseille and LC2R, Draguignan.

Main objective: Help MuCEM personnel understand problems associated with preventive conservation

Training location:

- MuCEM, Marseille

Participants: **Jacques Rebière**, Director of SCOP LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Trainees: MuCEM personnel, Marseille.

- **7<sup>th</sup>-10<sup>th</sup> October 2014** “**Theoretical and practical training on materials and how to conserve them: archaeological metals.**”

Permanent training organised by the restoration departments at Institut National du Patrimoine (INP) and MuCEM in partnership with the Atelier du Patrimoine and the Archéologie de la ville de Marseille; in collaboration with the Laboratoire Arc’Antique, Nantes and the Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Main objective: Understanding and taking necessary action so that participants know how to handle metallic material found during excavations and their long-term conservation.

Training location:

- Institut Méditerranéen des Métiers du Patrimoine,
- Dépôt archéologique de la ville de Marseille,
- Musée des Docks Romains.

Participants: **Christine Riquier-Bouclet**, Director of Arc’Antique, research, conservation and restoration laboratory, Nantes; **Jacques Rebière**, Director of SCOP LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan; **Manuel Moliner**, Heritage Conservator, Municipal Archaeologist, Atelier du Patrimoine et de l’Archéologie de la ville de Marseille; **Daniel Drocourt**, Director of Atelier du Patrimoine et de l’Archéologie de la ville de Marseille; **Anne Richier**, Archaeologist, Institut National de Recherches Archéologiques Préventives (INRAP); **Alain Michel**, Physician and Occupational Physician; **Karima Torai**, Manager of collections and

the Dépôt archéologique de la ville de Marseille.

Trainees: Heritage professionals.

- **22<sup>nd</sup> October 2014** “**Theoretical training on Good Laboratory Practices (CLP) in Heritage Conservation-Restoration, using LC2R Draguignan as an example. Visiting the ateliers at École Supérieure d’Art d’Avignon (ESAA) and using a questionnaire to evaluate the level of security in conservation-restoration laboratories.**”

Training organised by the ESAA in partnership with the Laboratoire de Conservation, Restoration et Recherche, Draguignan.

Main objective: Make future conservators aware of Good Laboratory Practices in heritage conservation-restoration. Raise awareness of the risks they will encounter and make them aware of their responsibilities as future professionals intervening on archaeological and historical heritage.

Training location:

- École Supérieure d’Art d’Avignon (ESAA)

Participants: **Françoise Mielcarek**, Conservator specialising in metals/composite materials, Associate of SCOP LC2R, Health and Safety Referent, LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Trainees: Students and heritage conservation-restoration professionals

- **12<sup>th</sup> December 2014** “**Theoretical training on aspects of preventive conservation.**”

Training organised as part of an agreement between MuCEM, Marseille and LC2R, Draguignan.

Main objective: Help MuCEM personnel understand the issues associated with preventive conservation and why it is used.

Training location:

- MuCEM, Marseille

Participants: **Jacques Rebière**, Director of SCOP LC2R, Laboratoire de Conservation, Restauration et Recherche, Draguignan.

Trainees: MuCEM personnel.
